Butlers Court School

Weekly Newsletter – 10th July '26

Message from Mr Butler

What a fantastic Butlers Court week it has been, beginning with the wonderful PTA Summer Fair last Saturday. It was lovely to see so many families enjoying the day together, and we were certainly blessed with perfect weather for both the morning's Fun Run and the afternoon fair. A huge congratulations goes to all the parents and, especially, the children who took part in the Fun Run. The support around the course was great, and the shade back through Walk Wood was certainly appreciated in the warm conditions. The Fair itself was a tremendous success, with fantastic gymnastics, cheerleading and dance performances showcasing the talents of our children. The stalls, inflatables, BBQ and ever-popular tug of war all helped create a wonderful community atmosphere on the day. On behalf of the whole school, I would like to extend my sincere thanks to our hardworking PTA and all the volunteers who gave their time and energy to make the day such a success.

On Tuesday, we enjoyed our annual transition morning, when children had the opportunity to meet their new teachers and spend time in their new classrooms. It was a pleasure to visit all the classes and see the children embracing this exciting next step with such enthusiasm. I hope they all enjoyed the experience, and I am confident they will continue to thrive in the year ahead. As we look towards September, I would like to remind families that children in Key Stage 2 should bring a clear pencil case containing the following items: blue handwriting pen, pencil, rubber, 30cm ruler, pencil sharpener, colouring pencils, scissors and a glue stick. Thank you for your support.

A further reminder that from September, Butlers Court will be a smartphone-free school. Mobile phones will only be permitted for Year 6 pupils, and these must be basic 'brick' phones rather than smartphones. Further information, along with an agreement form, will be shared by the Year 6 team at the start of the new academic year.

A very special well done must go to our Year 6 pupils and staff for their outstanding production of *Rock Bottom* yesterday. The children delivered a truly memorable two performances, full of energy, confidence and humour. Their singing, acting, dancing and comic timing were exceptional, and they should be immensely proud of what they achieved. My thanks also go to the staff and backstage team whose hard work brought the production to life brilliantly – we loved it!

We also celebrate Year 2, who had a fantastic trip to Legoland on Wednesday. Despite the warm weather, the children enjoyed a brilliant day, making good use of shaded areas, air-conditioned workshops and even a cooling ride on the log flume! Thank you to the staff who organised the trip and to the parent volunteers who supported the visit.

Meanwhile, Year 1 had a wonderful day at Science Oxford yesterday. The children thoroughly enjoyed exploring topics including exploration, pollination and a range of exciting scientific investigations. It was another valuable learning experience and a day that was greatly enjoyed by all. Thank you once again to the staff and parents who helped make the visit possible.

Finally, I would like to thank all families for their continued support, patience and understanding during the recent second spell of hot weather. While temperatures are forecast to remain warm next week, they are not currently expected to reach the same levels as this week. We will, of course, keep you informed of any necessary adjustments to the school day. We are very grateful for the fans that were brought into school and would appreciate any again next week if possible. I would also like to extend our sincere thanks to the PTA for kindly donating ice pops for the children this afternoon, which were very much enjoyed and greatly appreciated. As always, we will continue to implement measures to keep children comfortable, including encouraging regular hydration, lowering blinds, opening windows and adapting outdoor activities where necessary.

Thank you, as always, for your ongoing support. I hope you all have a wonderful weekend, enjoy the sunshine, and—come on England!

Mr Butler

Buckinghamshire Fix My Street

I am very aware of the congestion and parking challenges on the roads around school. This can be incredibly frustrating but more than that, unsafe for our children. This week, in fact, we were informed of a very near miss involving one of our children.

You may have seen one of our local councillors one morning on Grove Rd this week; he was seeing for himself the challenges our parents, and local residents, face each morning and afternoon.

Please can I ask that parents walk, cycle or scooter to school whenever possible, and log any issues on the Buckinghamshire Fix My Street website [here](#). Thank you for your ongoing support.

What's Happened this Week

Y6 Production – *Rock Bottom*

What an unforgettable week it has been for our amazing Year 6 pupils! After weeks of rehearsals, learning lines, practising songs, perfecting dance routines and working together as a team, they proudly presented the prehistoric rock musical, *Rock Bottom*.

The week began with a dress rehearsal for the rest of the school, giving younger pupils the opportunity to enjoy the fun-filled Stone Age adventure. Yesterday, our Year 6 children then took to the stage for two outstanding performances, performing with confidence, enthusiasm and professionalism in front of their families and friends.

Every child played an important part in making the production such a tremendous success. Whether performing as one of the colourful characters, delivering lines with confidence, singing the catchy songs, dancing with energy and expression, or supporting behind the scenes, every contribution mattered. The teamwork, encouragement and kindness shown throughout reflected the very best of Year 6.

Our talented cast brought the world of *Rock Bottom* to life with humour, creativity and personality. Their acting was full of expression, their singing confident and uplifting, and their dancing energetic and joyful. It was clear to see just how much hard work and dedication had gone into every performance.

A special thank you also goes to the pupils who worked tirelessly behind the scenes. Our backstage crew ensured every scene change ran smoothly, while others carefully managed props, costumes and set pieces. The creativity shown in preparing the props added so much to the production, and our lighting and technical team helped create the perfect atmosphere for every scene. Every role, on and off the stage, was equally important.

Throughout rehearsals and performances, the children demonstrated resilience, responsibility, patience and excellent teamwork. They supported one another, celebrated each other's successes and grew in confidence every step of the way.

The Year 6 team would also like to thank all the staff, families and friends who supported the children throughout this exciting journey. Your encouragement, help with costumes, learning lines and attending performances made the experience even more special.

What a wonderful way for our Year 6 children to end their primary school performing journey. They have created memories that will stay with them for years to come and have truly finished on a high. We are immensely proud of every one of them.

Well done, Year 6—you were simply rock-solid!

Y1's Trip Science Oxford Museum

This week, Year 1 had a fantastic trip to Science Oxford Museum! They loved exploring the Exploration Zone, where they investigated thermal cameras, magnets, fossils, stop-motion animation, parachutes, and more. The children also enjoyed a woodland walk to learn about pollination before dressing up as bees and flowers to act it out. The day ended with an exciting **'Wow to Wonder'** science show, which sparked lots of curiosity and discussion.

Well done to all the children for being so responsible throughout the trip, and a huge thank you to our parent helpers for making this wonderful experience possible!

Y6 Pop-Up Books

Year 1 were very lucky this week to receive beautiful pop-up books from our Year 6 Reading Buddies. It has been so lovely getting to know our Year 6 friends this year, and we were all so excited to receive our special books. They are absolutely amazing and must have taken a great deal of time, effort and creativity to make. A huge thank you to everyone in Year 6 for creating such wonderful pop-up books. We all love them and will treasure them!

Year 2's Trip to Legoland

Year 2 had a fantastic trip to LEGOLAND yesterday! They enjoyed an Animals and Their Habitats workshop, where they built brilliant LEGO models linked to their science learning. The children also had lots of fun on rides including NINJAGO, Fairy Tale Brook and Pirate Falls, which was the perfect way to cool off!

This Week's Achievement Certificates

We would like to congratulate all the following children who were awarded an Achievement Certificate in our End of Week Celebration Assembly today. All of them have produced some great work, shown positive behaviour or demonstrated our school values of kindness, respect, resilience, honesty, tolerance or responsibility over the last week. Well done all of you!
